PROFESSIONAL SUMMARY

Level 2 IT Support Engineer with 3+ years of experience across IT support, Microsoft 365, and Azure Entra ID (Azure AD). Skilled in hybrid identity, MFA, Conditional Access, and directory synchronization, with proven success resolving 40+ escalated incidents monthly at 95% SLA compliance. Strong background in Windows support, networking, VPN connectivity, and Microsoft 365 workloads, leveraging PowerShell, Azure CLI, and AI-assisted troubleshooting to reduce resolution time by 20%. Focused on strengthening identity security and incident response to support secure cloud adoption.

EXPERIENCE

TeKnowledge

Azure/Entra ID Support Engineer T-2

Kigali, Rwanda

Feb 2026 - Present

- Resolve 40+ escalated identity cases monthly involving MFA, SSO, Conditional Access, and sign-in failures, achieving 95% SLA compliance.
- Perform root cause analysis of directory synchronization and provisioning issues, reducing repeat incidents.
- Partner with Microsoft engineering teams to resolve complex escalations and backend service issue, cutting resolution time by 20%.
- Guide customers through RBAC and Privileged Identity Management (PIM) implementation, strengthening access governance and security posture.

TeKnowledge

Microsoft 365 Technical Support Engineer L-2

Kigali, Rwanda

Oct 2025 - Jan 2026

- Restored service continuity for users weekly by resolving escalated incidents across Exchange Online, Teams, SharePoint, and OneDrive.
- Optimized tenant configurations and guided customers through complex troubleshooting, improving system performance and reducing downtime.
- Maintained detailed case documentation in ServiceNow, ensuring compliance with Microsoft standards and data protection policies.
- Delivered secure configuration guidance, boosting customer satisfaction scores by 15%.

TeKnowledge

Technical Support Advocate

Kigali, Rwanda

Jan 2025 - Sept 2025

- Handled 40+ support tickets weekly as first point of contact, resolving Windows OS and Office application issues with a 90% first-call resolution rate.
- Escalated high-impact cases within SLA, minimizing downtime for enterprise customers.
- Documented incidents thoroughly, ensuring knowledge sharing and compliance with Microsoft data protection standards.
- Provided clear step-by-step technical guidance, consistently rated highly in customer satisfaction surveys.

- Delivered first-line IT support to 20+ employees, resolving hardware, software, and Microsoft 365 issues with a strong customer service focus.
- Installed and configured Windows systems, printers, and user applications, reducing onboarding delays by 25%.
- Troubleshoot networking, VPN connectivity, and account access issues, improving remote workforce productivity.
- Performed preventive maintenance, reducing system downtime by 20% across the organization.

EDUCATION

UNIVERSITY OF TOURISM TECHNOLOGY AND BUSINESS STUDIES(UTB) Gisenyi, Rwanda

Bachelor of Business and Information Technology

Jan 2021 - July 2024

CERTIFICATES

- **Microsoft Certifications & Training:** Office Troubleshooting Guard; Microsoft 365 Concierge (Usability, Devices, Installation & Activation); Microsoft 365 Office & Server Troubleshooting
- **Cybersecurity & Networking:** Introduction to Cybersecurity (Cisco Networking Academy); Network Fundamentals (Cybrary), Cybersecurity Defense Analyst (Cisco Networking Academy), Cybersecurity (ALX)
- **IoT & Hardware:** IoT Fundamentals and Computer Hardware Essentials (Cisco Networking Academy)
- **Artificial Intelligence:** Artificial Intelligence Career Essentials (AICE) – ALX; AI Literacy – IBM; Microsoft 365 Copilot Essentials
- **Professional Development:** English Proficiency Development Program – EF Rwanda

SKILLS

- **Microsoft 365 Administration:** Advanced support across Exchange Online, Microsoft Teams, SharePoint Online, OneDrive, including tenant/user administration, configuration guidance, service health triage, and complex troubleshooting to restore functionality and optimize performance.
- **Windows OS & Microsoft 365 Apps:** Strong proficiency troubleshooting Windows (profile, connectivity, authentication, performance, policy-related issues) and Microsoft 365 Apps (Word, Excel, Outlook, PowerPoint), with root-cause analysis and clear remediation steps.
- **Identity & Access (Azure / Entra):** Hands-on support for Microsoft Entra ID (Azure AD) scenarios such as authentication/sign-in troubleshooting, MFA, SSO, Conditional Access, user/device identity troubleshooting, and access governance fundamentals.
- **Security Operations & Best Practices:** Experience with monitoring, alert triage, and incident response using OSINT tools, applying security best practices (least privilege, secure access, strong authentication, and incident documentation).

- **Networking Fundamentals:** Solid understanding of TCP/IP, DNS, HTTP/S, VPN, and secure configurations, used to troubleshoot identity and Microsoft 365 connectivity/authentication issues.
- **Operating Systems:** Windows (primary), MacOS, Linux comfortable troubleshooting user endpoints and client-side factors impacting cloud access.
- **Ticketing Systems & Case Management:** Skilled in case intake, prioritization, escalation, and end-to-end incident ownership, maintaining SLA alignment, strong customer communication, and structured troubleshooting notes.
- **AI Tools & Automation:** Use of AI-assisted tooling for faster triage, log interpretation, knowledge base lookup, and workflow automation, improving time-to-resolution and investigation quality.
- **Documentation & Compliance:** Consistent, high-quality case documentation, technical reporting, and adherence to Microsoft data protection/compliance standards.
- **Professional Strengths:** Strong communication, teamwork, adaptability, analytical thinking, and rapid & continuous learning, effective in customer-facing troubleshooting and complex escalations.
